Holly,

We want you to know that the Village of Wauconda is withdrawing its project request to build the Garland Road Bike Trail from the CMAQ Program. Please let me know if you need further information. Thanks, Dave

David Geary, Director of Public Works

Bruce- I need a letter/e-mail from the municipality stating they want to withdrawal the project.

Thanks, Holly

Re: Wauconda/Garland Rd. Bike Trail, sec. 08-00036-00-BT

This project was targeting the September 2010 letting. However, per the email below, the village does not want to proceed with this project and they have elected to release the CMAQ funds.

Chad-

Please advise Mr. Devery (consultant) at r_devery@deveryengineering.com and Mr. Geary (Village of Wauconda) at dgeary@Wauconda-il.gov as to how to proceed at this point.

Everyone, please see below and update your records accordingly.

KEVIN STALLWORTH, P.E.

Associate Field Engineer, North Division

Illinois Department of Transportation, Dist. 1

Bureau of Local Roads and Streets

Kevin

The Village does not want to proceed and have elected to release the CMAQ funds; please advise as to the information needed to do so
